## PRESCRIPTION WORK

is undoubtedly one of the most  
important branches of the drug  
trade. If a prescription is filled  
inaccurately or from inferior  
drugs, the results hoped  
for by your physician will not  
be attained.

When the Doctor writes  
down the name of a drug  
or medicine together with  
the correct proportion  
there should be no doubt  
about the compounding of  
the same.

When you bring a prescription  
here you may rest assured that  
just what the Doctor calls for  
you will surely receive.

## School Notes.

(By School Correspondent)

### HIGH SCHOOL

The folding-doors for Science Hall, for  
which we have been so patiently waiting,  
have arrived and are being placed in po-  
sition. We are looking forward with  
happy anticipation to soon be in our  
"new home."

Owing to our not being able to obtain  
the Club Rooms, we have postponed our  
Banquet until the completion of Science  
Hall. The time is left indefinite.

Mr. Justesen, with other Supervisors  
of the County spent Tuesday visiting  
the schools of Springville. Sometime  
near December 11th we expect a sim-  
ilar visit.

This week the Latin Students are  
translating stories from old Roman My-  
thology.

Up to date the Library has received  
the following magazines—The Literary  
Digest, Our Times, The Journal of Ge-  
ography, The Lyceum, The Chronicle,  
The White and Blue and The Gold and  
Blue.

In connection with their regular class  
work, the English A students are writ-  
ing Stanzas.

### FORBES.

The different departments of the  
Forbes Building are contending to see  
which can write the best poem and  
essay. The department having the  
best poem receives a picture "The  
Landing of the Pilgrims". The de-  
partment having the best essay gets  
the picture "John Alden and Priscilla".

Thanksgiving Dinners are being pre-  
pared by the Departments, to be dis-  
tributed among the needy of our city.

Some of the Eighth grade students  
visited the High school classes in liter-  
ature and history.

Mr. Forbes congratulates the follow-  
ing students for their punctuality, hav-  
ing been neither absent nor tardy since  
school began: Sadie Thornton, Flor-  
ence Walker, Annie Snyder, Nellie  
Stark, Fern Chipman, Velma Duncan,  
Edna Bromley, Fern Featherstone,  
Millie Robinson, Zelma Jacobs, Della  
Nelson, Leland Cassidy, Thomas Bar-  
ratt and Lenore Pulley. He is espe-  
cially proud of the twenty two students  
who have not whispered for four  
whole weeks since school started.

We are preparing an excellent pro-  
gram for Thanksgiving and also writing  
a Thanksgiving story entitled, "Why  
we Celebrate Thanksgiving."

The fifth grade in Miss Wentz's room  
have just finished reading "Frank Pow-  
er" in which they were greatly inter-  
ested.

A contest was held Friday in Miss  
Wentz's room for the purpose of de-  
termining who the best readers were.  
The children selected their own reading.

Mr. Hall is going to keep the students  
who are delinquent in their lessons ev-  
ery night from now until Thanksgiving.

Thanksgiving program is being ar-  
ranged in Miss Lyman's department.

The students are decorating their  
room for Thanksgiving.

Miss Lyman has been reading a  
Thanksgiving story and the children  
are rewriting it in their own words,  
and drawing picture stories to place at  
the top of their stories.

Miss Miles is teaching English in  
Miss Lyman's room while Miss Lyman  
has a class in Algebra in the High  
School.

The fifth grade student's are learning  
quotations. They have finished Robin-  
son Crusoe and "The five little peppers".

### FACULTY MEETING.

It was announced at faculty meeting  
that the district supervisors and trust-  
ees of the large districts of the coun-  
ty will visit our schools December 11th.

Institute will be held next Saturday.  
The various committees reported as  
follows: Mr. Sabin, chairman of the art  
committee reported that he would send  
for cut catalogue, wherein the teachers  
might better prepare themselves for  
the coming exhibit. Miss Ormond of  
the parents committee announced that  
Prof. Marshall would address the par-  
ents Friday evening. Miss Lottie Dur-  
rant gave an interesting interpretation  
of Boughton's "Departure of the May-  
flowers".

### HARRINGTON.

The Beginner's have been dramatiz-  
ing the Pilgrim children this week.

Miss Durrant reports good attendance,  
for the little ones considering the cold  
weather.

Mrs. McCarty's room has been poor  
in attendance. She wishes that the  
parents would send their children more  
regular.

### SUMMONS.

In the District Court of the Fourth  
Judicial District, State of Utah Sitting  
in and for Utah County.

Helda Peterson, Plaintiff, Alias  
vs. Carl G. Peterson, De- Summons  
Defendant.

The State of Utah to said Defendant:  
You are Hereby Summoned to ap-  
pear within twenty days after the ser-  
vice of this summons upon you, if  
served within the County in which  
this action is brought, otherwise, with-  
in thirty days after service, and defend  
the above entitled action, and in case of  
your failure so to do, judgement will be  
rendered against you according to the  
demand of complaint, of which a copy  
is herewith served upon you.

### NOTICE TO WATER USERS.

State Engineer's Office.

Salt Lake City, Utah, Nov. 20, 1906.

Notice is hereby given that David  
Mitchell, whose post office address is  
American Fork, Utah, has made applica-  
tion in accordance with the require-  
ments of chapter 103, Session Laws of  
Utah, 1905, to appropriate two (2) cubic  
feet per second of water from Mitchell  
Hollow, Utah County, Utah. Said  
water will be diverted by means of a  
dam and a ditch, at a point which lies  
334 feet west and 200 feet north of the  
northeast corner of Section 10, Town-  
ship 5 south, Range 1 east, Salt Lake  
base and meridian, from where it will  
be conveyed for a distance of 6,600 feet  
and there used from April 1 to October  
31, inclusive, of each year to irrigate  
360 acres of land embraced in Section  
10, Township 5 south, Range 1 east,  
Salt Lake base and meridian. As much  
of said water as may be necessary will  
be used from Nov. 1 of each year to  
March 31, inclusive, of the year follow-  
ing for domestic purposes. This applica-  
tion is designated in the State Engi-  
neer's office as No. 990.

All protests against the granting of  
said application, stating the reasons  
therefor, must be made by affidavit in  
duplicate and filed in this office within  
thirty (30) days after the completion  
of the publication of this notice.

### NOTICE TO WATER USERS

State Engineer's Office.

Salt Lake City, Utah, November 20, 1906.

Notice is hereby given that David Wagstaff  
and John A. Wagstaff, whose post office address  
is American Fork, Utah, have made applica-  
tion in accordance with the requirements of Chap-  
ter 103, Session Laws of Utah, 1905, to appro-  
priate one (1) cubic foot per second of water  
from Oak Springs, Utah County, Utah. Said  
springs are situated at a point which lies 1,621  
feet west and 4,561 feet north from the south-  
east corner of Section 33, Township 4 south,  
Range 2 west, Salt Lake base and meridian,  
from where it will be conveyed for a distance  
of 14,800 feet and there used from March 1 to  
October 15, inclusive, of each year, to irrigate  
180 acres of land embraced in Section 9, Town-  
ship 4 south, Range 2 west, Salt Lake base  
and meridian. As much of said water as may  
be necessary will be used from October 16 of  
each year to March 15, inclusive, of the year  
following, for domestic purposes. This applica-  
tion is designated in the State Engineer's  
Office as No. 997.

All protests against the granting of said ap-  
plication, stating the reasons therefor, must be  
made by affidavit in duplicate and filed in this  
office within thirty (30) days after the comple-  
tion of the publication of this notice.

### NOTICE TO WATER USERS.

State Engineer's Office.

Salt Lake City, Utah, Nov. 10, 1906.

Notice is hereby given that L. L. Nunn,  
whose post office address is Provo, Utah, has  
made application in accordance with the re-  
quirements of Chapter 103, Session Laws of  
Utah, 1905, to appropriate fifteen (15) cubic  
feet per second of water from Grove Creek, Utah  
County, Utah. Said water will be diverted by  
means of a flume and a pipeline, at a point  
from which the northeast corner of Section 21,  
Township 4 south, Range 2 east, Salt Lake  
base and meridian, bears south 28 degrees  
west 603 feet, from which point it will be con-  
veyed for a distance of 12,487 feet and there  
used from January 1 to December 31, inclusive,  
of each year, to develop power for the purpose  
of electric lighting and propelling machinery  
at various cities and towns in Utah. After  
having been so diverted and used the water  
will be returned to the Natural channel of  
said stream, at a point which is the south-  
west corner of Section 21, Township 4 south,  
Range 2 east bears north 18 degrees 2 minutes  
east 477 feet. In addition to the water above  
named, the applicant desires to appropriate  
one hundred and forty (140) acre feet of water  
which will be impounded, whenever available  
during the period from January 1 to November  
31, inclusive, of each year. Said water will be re-  
leased from time to time during the entire year  
and used for the above named purposes, also in  
the operation of an equalizing basin above the  
point of return and below the place where the  
water is used. The object of the storage and  
equalizing basin is to insure that the water  
will be returned to the prior appropriation of  
the stream with out abnormal fluctuation.  
This application is designated in the State  
Engineer's office as No. 998.

All protests against the granting of said ap-  
plication, stating the reasons therefor, must  
be made by affidavit in duplicate and filed in  
this office within thirty (30) days after the  
completion of the publication of this notice.

The best treatment for indigestion  
and troubles of the stomach is to rest  
the stomach. It can be rested by star-  
vation or by the use of a good digestant  
which will digest the food eaten, thus  
taking the work off the stomach. At  
the proper temperature, a single tea-  
spoonful of Kodol will wholly digest  
3,000 grains of food. It relieves the  
present annoyance, puts the stomach in  
shape to satisfactorily perform its func-
